EDUCATION

B.E. – Computer Science & Engineering

Shri Sa'd Vidhya Mandal Institute of Technology, Bharuch

Bharuch, GJ, IN

2022-2026

CGPA: 8.44

EXPERIENCE

Full Stack Developer Intern | Krtiya Technologies Pvt. Ltd., Surat

- Developed a full-stack blogging platform using **MongoDB, Express.js, React, Node.js, JWT, Redis, and Cloudinary** during a 3-month internship at Krtiya Tech, Surat.
- Implemented **authentication, role-based access, blog CRUD operations, markdown support, category filtering, search, and caching features**.
- Built **responsive** dashboards, media upload functionality, and **deployed** the application using **Vercel, Render, MongoDB Atlas, and Cloudinary**.

React Developer Intern | Krtiya Technologies Pvt. Ltd., Surat

- Developed a responsive news web app using **React, Tailwind CSS, and GNews API** with category & country-based filtering.
- Implemented **infinite scrolling, dark mode, and dynamic SEO Meta tags** for improved UX.
- Collaborated using **Agile**, Git/GitHub, and modern development workflows.

Full Stack Developer Intern | EduSkill Foundation (Remote)

- Worked with **React, Node.js, Express, MongoDB**, and REST API development.
- Built and integrated full-stack features for dynamic web applications.
- Gained experience in version control, debugging, and backend logic.

Web Development Intern | Microsoft Learn Student Ambassadors

- Learned core web technologies: **HTML, CSS, JavaScript, and Git**.
- Designed responsive & interactive UI using modern design principles.
- Strengthened knowledge of best coding practices and workflows.

PROJECTS

URL Shortener | Node.js, Express.js, MongoDB, EJS

- Developed a full-stack URL Shortener using Node.js, Express, and MongoDB with unique hash-based ID generation.
- Implemented custom short URLs, redirection, and click-count tracking with optimized database indexing.
- Built a clean EJS-based UI and deployed the application for real-world usage.

Swift News | React, Tailwind, GNews API

- Built a modern news application with category & country filtering.
- Added **infinite scroll, dark mode, SEO Meta tags**, and Web3Forms contact integration.
- Implemented a top-loading bar and optimized mobile responsiveness.

TextUtils | React, Bootstrap

- Text processing tool with features like case conversion, space removal, and word/character counting.
- Added theme toggle for better accessibility.

DES Algorithm Simulator | C

- Visualized step-by-step DES encryption to simplify understanding of symmetric cryptography.
- Created an interactive UI to illustrate rounds, permutations, and key generation.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, JavaScript, SQL, NoSQL, HTML/CSS

Frameworks/Technologies: React, Node.js, Express.js, Tailwind CSS (MERN Stack)

Tools: Git/GitHub, VS Code, Netlify, MongoDB Compass

ACADEMIC SUBJECTS

Cloud Computing, DSA, AI/ML Basics, Computer Networks, DBMS, Operating Systems.
